

GIGANTIC STRIKE OVER COAL MINERS' DISPUTE PARALYZES INDUSTRIAL ENGINEERING

"ARCHIE" MITCHELL, PRAIRIE TREE ENTHUSIAST, DIES— WAS FORMERLY RESIDENT OF MACLEOD DISTRICT

Archibald "Archie" Mitchell, 60 years, the man who made thousands of trees grow where none grew before, died at Penitence, B.C., Tuesday night of kidney trouble, according to advices received here by friends.

Mr. Mitchell had been on tour with the forestry demonstration and lecture car of the Canadian Forestry association but was forced to enter the hospital at Penitence three months ago leaving the car in charge of his assistant who has very ably conducted the tour. The funeral will be held today (Thursday) at Oliver, B.C.

Mr. Mitchell came to Macleod from his native land, Scotland, in 1898 farming in this district for over eight years. Born near Edinburgh his father was chief forester to the Earl of Rosebery, so he came naturally by the instincts for gardening and horticulture for which he was noted in his later life in Canada. After his farming experience here Mr. Mitchell joined the staff of the department of agriculture for Alberta and later went to Indian Head where he was connected with the Dominion Experimental Farm. Later Mr. Mitchell left the government service locating in Coaldale establishing the Mitchell Nurseries there. After developing the nurseries to a high state he returned to public service associating himself with the Canadian Forestry association. He had been with that organization for five years lecturing up and down the country on tree culture and prairie home beautification, a work he carried on with a talent and enthusiastic spirit.

Mr. Mitchell is survived by his widow, three sons and a daughter.

MACLEOD UNITED CHURCH

The Times regrets its inability to give any detailed information regarding the services of The United Church as Rev. Mr. Irwin, the pastor of the church, on being asked by The Times representative for the usual notices has expressed himself as unwilling to have such notices printed in The Times.

RATHWELL NEWS

May 9th—Service in the Rathwell School House 11 a.m. preacher, Mr. F. Crowson.

CARD OF THANKS

G. Wood wishes to express his appreciation of the kindness of numerous friends and especially of the hospital staff in connection with his recent illness.

In the old days "protection" meant a tariff; now it means slipping a dry agent something.

The advantage in a radio sermon is that a nap in an easy chair beats a nap in a paw.

NOTICE IS HEREBY GIVEN under Section 48 of The Domestic Animals Act (Municipalities) that one bay entire horse, three white feet, three year old, weight about 1100 lbs., branded X on right shoulder, was impounded in the pound kept by H. W. Tomlinson located on the S.E. 1/4 Sec. 2, Twp. 8, Rge. 26, W. 4th, on the first day of April, 1926, and that the said animal was sold on the fifteenth day of April, 1926, to S. G. Gillespie, of Macleod, and that said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs due to the municipality and the purchaser of said animal.

For information apply to the undersigned.
Harry W. Bright,
Secretary-Treasurer,
Municipal District of Bright, No. 69,
Post Office—Macleod.

IN THE ESTATE OF HENRY HJALMER HANSON, LATE OF THE POST OFFICE OF WATERLOO PARK, RANCHER, DECEASED

Notice is hereby given that all persons having claims upon the estate of the above named Henry Hjalmer Hanson who died on the 24th day of November, A.D. 1925, are required to file with Zebulon William Jacobs, Barrister, Cardston, Alberta by the first day of June, 1926 a full statement duly verified of their claims and of any security held by them and that after that date the executor will distribute the assets of the deceased amongst the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to her knowledge.

Dated this 15th day of April, A.D. 1926.
Zebulon William Jacobs,
Solicitor for the Executor,
Cardston, Alberta.

HIGH SCHOOL ORATORY CONTEST AND CONCERT

Tuesday night the students of the high school put on in the Town Hall an excellent and interesting entertainment. Miss May Fawcett carried out the duties of chairman in a splendid manner, her terse, bright remarks in introducing the various items on the program being much enjoyed. In her opening speech she referred to the program as partly an Oratory Contest, and partly a Concert. She stated that some time ago Mayor J. W. McDonald offered a medal for the best oratorical efforts by high school pupils. All this year the Literary Society has given ample opportunity to the students to practice in debates and in many other ways, and the concert this evening will give some idea of the work done by the students outside of their ordinary studies. In closing Miss Fawcett said it was certainly encouraging to see such a large audience present. The hall was packed to the seats, many standing. There were three oratory contests. Dick Panter took his subject "The C.P.R." Duward Mills, "Vancouver—Its Position and Possibilities." George Panter, "Radio." The judges were Judge A. M. MacDonald, J. L. Fawcett and W. A. Day, chairman of the school board. They had some difficulty in picking out the best, as all the three speeches were of a very high order, showing a wonderful grasp of the subjects, and a great amount of study in getting the facts together. The final decision was Dick Panter, with Duward Mills a very close second. The high school can boast of an orchestra of six pieces—piano, violin, cornet, saxophone, clarinet and drums, and from the splendid rendering of the selection of these young players will be heard of in the future. A chorus of eight girls in fancy costume gave three action songs in first class style. Several dialogues were given, which brought out the elocutionary powers of the students, showing remarkable ability and future possibilities. Mayor McDonald made a short speech, referring to the splendid work being done in the Macleod schools, stating that two Macleod pupils were graduating from the University at Edmonton this month, and another was receiving his degree of doctor of philosophy from the University of California also this month. These three students had received all their public and high school education in Macleod schools. He also spoke of the number that had graduated in previous years from Macleod schools, and of when the town of Macleod was justly proud. Mr. Day, for the judges, gave the result of the oratory contest in a few complimentary remarks, bringing to a close a most successful entertainment.

ST. ANDREW'S PRESBYTERIAN CHURCH

Sunday, May 9th:
Services as usual morning and evening.
Sunday School at 12.15 p.m.
Week night service Wednesday at 8 o'clock.

It is expected that the Rev. A. C. Wishart, from California, will conduct the services on Sunday.
A henpecked husband must get more or less sneaking satisfaction out of being robbed on the way home.

ALBERTA HOUSE SESSION LATER

Edmonton, April 30.—The adjourned session of the Alberta legislature has been pushed 12 days forward, and a notice is being gazetted postponing the date from May 6 to May 17. It is not yet definitely known that things will be ready for the house to meet even then, and the usual provision is made for such later date as may be found necessary; but, at any rate, it will not be sooner.

CHRIST CHURCH (ANGLICAN)

May 9th—Rogation Sunday.
Divine Service as follows:—
8.00 a.m.—Holy Communion.
11.00 a.m.—Matins and Litany.
2.30 p.m.—Sunday School.
7.30 p.m.—Choral Evensong and Sermon.

May 13th—Ascension Day:
8.00 a.m.—Holy Communion.
7.30 p.m.—Evensong and Intercession.

Rev. G. McComas, M.A., Rector.

Distance is that element that preserves the health of those who think they should be on the Russian throne.

How strange a world! A medal for the man who invented "Say it with flowers," and none for the man who first said, "When do we eat?"

They are true partners if she doesn't mind hocking the engagement ring to pay emergency bills.

An untrained layman can make laws. Anybody can break them. But it takes skill to dodge them.

No wonder moderns are unhappy. Who ever heard of a child that could be happy with ten dollars?

Don't worry. The more foolish the world gets, the quicker there will be a common-sense wave.

Narrow-minded people are especially annoying if your conscience agrees with what they say.

Perhaps the pure are shocked by little things because they don't know about the very bad things.

A man may be down, but he isn't out until he blames his failure on his wife.

And that's comedy "martyrdom."

Accepting the vegetable with as much delight as if it were an American Beauty rose, Jose gazes with ecstatic joy at the girl and proceeds to eat the onion as if it were a sweet, juicy apple. And all the while he eats he smiles and smiles.

That smile was nothing but sheer acting. One vegetable that George detests and which invariably fills him with nausea is the onion.

Colleen herself, experienced this form of martyrdom when she appeared in a comedy scene depicting her taking an improvised shower bath in her boxcar home. In place of the tarpaulin, a rough burlap cloth sheathed her, exposing only shoulders and head. Just as the cameras began to grind, one of those icy winter winds of the desert, where the scene was taken, sprang up. Shivering! Miss Moore suffered until the scene was completed.

Colleen Moore is MARTYR TO COMEDY—SUCH SMOOTHER BATH IN "DESERT FLOWER" MAY SEEM FUNNY, BUT—

Comedy martyrdom—What is it, and why? It is the art of suffering and seeming to enjoy it.

And the object of it all, of course, is to make the world laugh.

Two examples that graphically illustrate the meaning of the phrase came to notice during the filming of "The Desert Flower." Colleen Moore's new First National picture, showing at the Empress theatre Monday and Tuesday.

Jose, soulful-eyed Mexican, interpreted by Gene Corrado, whose affection for little Maggie Fortune, played by Miss Moore, is dog-like and undying, strums his guitar under the heroine's window. Marie, hearing the serenade, opens the window and tosses the vocalist an onion as a token of her complete disapproval.

THE CALL OF THE NEW ROMANCE

Viscount Enismore, son of the Earl of Listowel, has joined the Labor party and will seek political honors under that standard, says a cable dispatch.

The defection of Enismore, whose grandfather was lord-in-waiting to Queen Victoria, and dozens of other young peers from the ranks of the aristocracy to the ranks of the workers, simply means that the romance of British life has shifted.

While the aristocracy of England lived a life of high adventure, it attracted ambitious young men from all walks of life. The dull squires and dumb misery of the working class drew no sympathy when the color and pageantry of chivalry satisfied the thirsty energy of youth.

But this chivalry has gone. The ideals of the aristocracy have faded. The sacred person of the King is no longer hedged with divinity. Great lords make biscuits and soap. But while romance has been dying, out of taste, a new romance has been growing up in Labor. The Labor party offers an adventure in new ideas. Ancient lances that hitherto tilted only in defence of king and fair lady have been sharpened up anew to protect the rights of man.

The sword that once was drawn only to satisfy the caprice of the Colonel's lady has leaped again from its rusty scabbard so that Judy O'Grady may buy a new washing-machine and that Judy O'Grady's children may have new shoes.

The instinct that sent King Arthur's knights charging to the end of the world to rescue enchanted maidens and kill fire-breathing

dragons is no different from the instinct that sends young lords to the ranks of Labor today to mow down fancied dragons of oppression and to rescue the wives and little children of workers from hunger and despair.

It is the call of romance, the awakening of a new kind of chivalry.

And, mistaken or not, it is not an unpleasant thing to see.

CANADA'S DIAMOND JUBILEE

Senator Lewis has asked Parliament to lay plans for the celebration of Canada's diamond jubilee in 1927. The Senator would make the sixtieth anniversary of Confederation a noted event throughout the Dominion.

It is a first-class idea. Anything that will vividly impress the unity of Canada upon young Canadians will help to build up national consciousness and national self-respect.

But the best way to make the anniversary of Confederation an occasion for rejoicing is not necessarily a celebration, but parliamentary action that will make Confederation mean something to the extreme ends of this Dominion.

When the Maritimes and British Columbia joined in with Canada they sacrificed the north and south trade that would naturally have developed in accord with geographic conditions. Today, a political line shuts them off from trade with the United States, while an economic line shuts them off from trade with the rest of Canada.

The best way of celebrating Confederation will be to create a new freight rates structure that will really admit the two ends of Canada into the economic life of the Dominion.

CRIME BROUGHT UP TO DATE

Three men were killed and three others wounded when Chicago gangsters unlimbered a machine gun in the streets lately. Yesterday another machine gun blasted a hail of bullets into a passing motor car and ended the life of William H. McSwiggan, Chicago's "hanging prosecutor."

Crime has been brought up to date. The modern criminal has forsaken his blackjack. Dick Turpin's horse has given way to a speedy motor car. The subtle resources of chemistry, physics and mechanics are no secret to the men of the underworld.

And one reason why crime is increasing on this continent is because the scientific resources of crime have been permitted to outstrip the scientific resources of society.

The parsimonious public permits its police to pursue the traditional "high-powered car" of bandits in some ancient, rusty flivver. It permits its police chief to hire third-rate brains to cope with the cultivated intelligence of crime.

Crime can only be checked by the modernization of police methods.

THE LITTLE THINGS

Bobby Leach went over Niagara Falls in a specially constructed barrel years ago. His barrel withstood the pressure of hundreds of tons of water, was dashed against the rocks, sucked under in the whirlpools. It was the most foolhardy trip ever taken by man. But Leach crawled out uninjured.

A few weeks ago this man, who had braved Niagara, slipped on an orange peel in New Zealand, and died as a result of his fall.

The cause of his death is typical of most human deaths. People protect themselves against the well-known diseases. They resist the scourge of tuberculosis, guard their drinking water from the germs of typhoid, demand isolation of diphtheria patients. And they they bring about their own death by stuffing themselves with some food combination as apparently innocuous as Leach's orange skin.

It is the little neglected things that get most of us.

Correct this sentence: "We use slang at times," said the mother; "but Bobby uses the pure English he learns at school."

BRIGHT M. D. APPROVES PLANS FOR 21 MILES NEW MARKET ROADS

The council of Bright Municipality No. 69 met in the municipal office on Saturday afternoon. This being the monthly meeting, a large amount of important business was transacted. An important appointment was made, that of Mike Donohue as weed inspector for the district. The council was determined to put a real live wire man on the job this year, and they consider they have got the right man. Mr. Donohue goes to Olds on May 19 and 20 to a conference of weed inspectors and government officials, where full instructions will be given for the proper enforcement of the Noxious Weed Act. So farmers with weeds on their farms in the district of Bright better look out and clean up, as the council will not stop at half measures this year. Mike's a whirlwind when he gets a-going.

A delegation of farmers from the Allandale district waited on the council and asked for a new road to be made, east and west, through the centre of section 26, as the regular road allowances were not available. N. H. Brudley, government road engineer, and W. H. Shield, M.L.A., were present at the meeting for the purpose of considering the arrangements for improving the market roads leading into Macleod. After carefully going over the whole district, it was decided to build 21 miles of new roads in the

points in the areas affected.

Pastures generally are coming along fairly well, and stock is in good condition. There is considerable demand for farm labor.

REGULAR MEETING MACLEOD TOWN COUNCIL

Minutes of regular meeting Macleod Council held Monday, May 3rd. Present: Mayor McDonald; Councillors Stevens, Leather, Morris, McLeod and Day.

Mr. Stevens—That meeting of last preceding meeting as held be adopted.—Carried.

T. B. Martin addressed Council re repairs to house known as "Ponson House," or which caveat had been filed.

Leather—Morris—That the Council take no further proceedings to obtain title to lot 10 on the North side of 18th, street, west of 5th

avenue, in view of Mr. Martin's proposition that the house would be rented by McNeil and Martin to Mr. Couillard at \$10.00 per month for first year, and \$15.00 per month for next two years, and that rentals be applied on repairing the property to the extent of \$250.00, then rentals to be paid to Town of Macleod until taxes be paid in full. Council consents to lease.—Carried.

Dr. Fanset, president of Macleod and District Board of Trade, was heard regarding advertising boards being erected.

W. Shield application for water connection to lot 8, north side of 28th street east 5th avenue, for W. Shield, and rate be \$2.00 per month while using water.—Carried.

Macleod Meat Market, asking reduction of rental.

Morris—Leather—That land now rented by Macleod Meat Market be rented at \$1.00 per acre, on same terms as other leases.—Carried.

Health Officer's report filed.

Supt. Oliver's report filed.

Report of Chief of Police—Refer-

six divisions, as follows: Div. 1, two miles; div. 2, two miles; div. 3, four miles; div. 4, two miles; div. 5, four miles; div. 6, seven miles.

These new roads with those already in existence will certainly make the Macleod district one of the best in the south, so far as roads are concerned.

Dr. Kennedy, as medical health officer, in his report stated that a few cases of scarlet fever and measles of a very mild type had occurred in the district during the last two months, but the children were now all better and back at school.

SPRING POINT NEWS

There will be a dance at Spring Point school house on May 14th—good time assured—good eats, and music.

The baseball season is open with a bang. Quite a crowd gathered last Sunday. We hope to see a better crowd next week.

Mrs. L. Winchome is the guest of Mrs. Mark Waldon.

Mr. and Mrs. Rutledge and family from Mud Lake were visitors at Spring Point Sunday.

Seeding is pretty well along, another ten days will see it all in.

Mrs. G. Hutton and family spent the week-end in Macleod.

H. Stone was a week-end visitor to Macleod.

Miss M. Brown spent last week visiting friends in Coleman.

W. Walker from Macleod was a visitor at Spring Point Sunday.

Miss Marie Harris spent the week-end in Macleod.

The Robertson family have moved into the Ashvale District—good luck to them in their new home.

SECOND FORTNIGHTLY CROP REPORT—ISSUED BY DEPARTMENT OF AGRICULTURE, GOVERNMENT OF ALBERTA, EDMONTON, MAY 1, 1926

Seeding of wheat is from 50 to 75 per cent. completed in the southern districts of the province, and from 25 to 50 per cent. in the central and northern districts. The Peace River district, however, reports seeding practically completed. Some of the new crop is already showing above ground in the earlier districts, and growth apparently is very rapid. Seeding of other crops is general. The soil generally is in good shape and seeding is progressing rapidly.

The weather has been hot and dry over most of the province, although a few showers have fallen in the more northern districts. The weather has been unusually warm for this season of the year. Though the seed bed is well supplied with moisture from the fall and winter, this has been rapidly drying out during the past fortnight, and precipitation will be needed to give satisfactory germination in some of the southern sections. High winds have prevailed, and soil drifting has been heavy in certain localities, with the summer season being rather severely. In a few places it has been necessary to re-seed.

In the southeastern portion of the province, the army cutworm has appeared to a rather serious degree, and has interfered somewhat with seeding. Effective steps have been taken by the department to meet the situation, and poison material is being distributed from central

No Wonder Orange-CRUSH is Universally Popular

First—the juice of luscious oranges—next, the delicate flavor of their peel—next, the zestful tang of the fruit acid found in oranges, lemons and limes. Added to this a pure food color, such as you use in your cakes and candies—pure cane sugar—healthful carbonated water.

For your own refreshment and pleasure be on the lookout for those Orange-CRUSH signs. They mark the dealer inside as a man worthy of your Good-will. Step in—ask for Orange-Crush. Identify it by the name Orange-CRUSH blown right into the Krinkly Bottle. Then—drench your thirst in cool deliciousness.

Call up your nearest dealer and tell him to send you a case of Orange-CRUSH today.

Is Every Day Still CIRCUS DAY?

REMEMBER the old-time circus? Remember the old-time circus drinks made from—goodness only knows what? Of course it was poor, inferior stuff. Of course you paid as much for these imitation drinks as you did for an advertised Quality drink. Injurious, expensive—yes—but, what matter for one day. One day! Is every day still circus day with you?

Generally dealers are honest. A few dealers are not. This is what sometimes happens: you see the Orange-CRUSH signs; when you enter and ask for Orange-CRUSH, the reply may be, "There is no Orange-CRUSH on ice, but here's something just as good". Of course you pay as much for the imitation, but the dealer does not.

Why do a few unscrupulous dealers substitute? Because of the extra profit on each bottle of an inferior drink they sell.

The dealer who hands you Orange-CRUSH when you ask for it deserves your respect—is worthy of your patronage. Orange-CRUSH costs him more than drinks of inferior quality. Yet—that same dealer knows that Orange-CRUSH is more profitable to handle because it brings him a larger volume of sales.

EMPRESS FRIDAY—SATURDAY

THE CALL OF THE NEW ROMANCE

Viscount Enismore, son of the Earl of Listowel, has joined the Labor party and will seek political honors under that standard, says a cable dispatch.

The defection of Enismore, whose grandfather was lord-in-waiting to Queen Victoria, and dozens of other young peers from the ranks of the aristocracy to the ranks of the workers, simply means that the romance of British life has shifted.

While the aristocracy of England lived a life of high adventure, it attracted ambitious young men from all walks of life. The dull squires and dumb misery of the working class drew no sympathy when the color and pageantry of chivalry satisfied the thirsty energy of youth.

But this chivalry has gone. The ideals of the aristocracy have faded. The sacred person of the King is no longer hedged with divinity. Great lords make biscuits and soap. But while romance has been dying, out of taste, a new romance has been growing up in Labor. The Labor party offers an adventure in new ideas. Ancient lances that hitherto tilted only in defence of king and fair lady have been sharpened up anew to protect the rights of man.

The sword that once was drawn only to satisfy the caprice of the Colonel's lady has leaped again from its rusty scabbard so that Judy O'Grady may buy a new washing-machine and that Judy O'Grady's children may have new shoes.

The instinct that sent King Arthur's knights charging to the end of the world to rescue enchanted maidens and kill fire-breathing

dragons is no different from the instinct that sends young lords to the ranks of Labor today to mow down fancied dragons of oppression and to rescue the wives and little children of workers from hunger and despair.

It is the call of romance, the awakening of a new kind of chivalry.

And, mistaken or not, it is not an unpleasant thing to see.

CANADA'S DIAMOND JUBILEE

And they they bring about their own death by stuffing themselves with some food combination as apparently innocuous as Leach's orange skin.

It is the little neglected things that get most of us.

Correct this sentence: "We use slang at times," said the mother; "but Bobby uses the pure English he learns at school."

SEEDING OF WHEAT IS FROM 50 TO 75 PER CENT. COMPLETED IN THE SOUTHERN DISTRICTS OF THE PROVINCE, AND FROM 25 TO 50 PER CENT. IN THE CENTRAL AND NORTHERN DISTRICTS.

THE PEACE RIVER DISTRICT, HOWEVER, REPORTS SEEDING PRACTICALLY COMPLETED. SOME OF THE NEW CROP IS ALREADY SHOWING ABOVE GROUND IN THE EARLIER DISTRICTS, AND GROWTH APPARENTLY IS VERY RAPID.

SEEDING OF OTHER CROPS IS GENERAL. THE SOIL GENERALLY IS IN GOOD SHAPE AND SEEDING IS PROGRESSING RAPIDLY.

ALTHOUGH A FEW SHOWERS HAVE FALLEN IN THE MORE NORTHERN DISTRICTS, THE WEATHER HAS BEEN UNUSUALLY WARM FOR THIS SEASON OF THE YEAR.

THOUGH THE SEED BED IS WELL SUPPLIED WITH MOISTURE FROM THE FALL AND WINTER, THIS HAS BEEN RAPIDLY DRYING OUT DURING THE PAST FORTNIGHT, AND PRECIPITATION WILL BE NEEDED TO GIVE SATISFACTORY GERMINATION IN SOME OF THE SOUTHERN SECTIONS.

HIGH WINDS HAVE PREVAILED, AND SOIL DRIFTING HAS BEEN HEAVY IN CERTAIN LOCALITIES, WITH THE SUMMER SEASON BEING RATHER SEVERELY.

IN A FEW PLACES IT HAS BEEN NECESSARY TO RE-SEED.

IN THE SOUTHEASTERN PORTION OF THE PROVINCE, THE ARMY CUTWORM HAS APPEARED TO A RATHER SERIOUS DEGREE, AND HAS INTERFERED SOMEWHAT WITH SEEDING.

EFFECTIVE STEPS HAVE BEEN TAKEN BY THE DEPARTMENT TO MEET THE SITUATION, AND POISON MATERIAL IS BEING DISTRIBUTED FROM CENTRAL

avenue, in view of Mr. Martin's proposition that the house would be rented by McNeil and Martin to Mr. Couillard at \$10.00 per month for first year, and \$15.00 per month for next two years, and that rentals be applied on repairing the property to the extent of \$250.00, then rentals to be paid to Town of Macleod until taxes be paid in full. BUY AT HOME SPEND YOUR MONEY IN MACLEOD

Purchases representing thousands of dollars are lost to us, to our trade, to our clerks and employees, to our laborers and artisans, to all the people of Macleod who exist on the products of their work. This money, if spent at home, would help to recreate Macleod financially, give a wider field of activities in business, would be helpful to every resident of this town.

If we purchased regularly from local merchants, this money would circulate in Macleod in a welcome manner. Our merchants merit our patronage; it is to our interest, and the duty of all of us, to encourage the local merchant. He is one of us, he lives among us, he has the right to be encouraged by us, he is anxious to have our custom, and to give us satisfaction. We should under all circumstances give him preference, price for price, quality for quality. And nearly always the price that our local merchant asks is, if we compare the quality, just as cheap as that of the outside merchant.

Never purchase merchandise by catalogues from foreign houses before assuring yourself that you cannot procure the same articles, of the same quality (and frequently of better quality) at the same price from your local merchant.

MACLEOD'S OWN SOAP

CAPITAL GOSSIP AND PROV. NEWS

To Celebrate 21st Anniversary
To celebrate the coming of age of the Province of Alberta, which was formed 21 years ago, a huge historical pageant will be staged in Edmonton under the auspices of the Edmonton Exhibition Association, during the week of the annual exhibition, July 12 to 17.

Navigation Opens on Peace River
Navigation has opened for the season on the Peace River, 400 miles north of Edmonton. This is earlier than usual.

New Irrigation Settlers
The Lethbridge Northern Irrigation Colonization Department set up by the Alberta Government to colonize the irrigation tract north of Lethbridge has made a record in this connection, having settled 230 new families on the tract since a year ago.

Premier at Ottawa
Premier Brownlee and Hon. V. W. Smith, Minister of Railways are at Ottawa and Montreal in connection with the settlement of the Peace River Railway problem. During his visit to the East, Premier Brownlee also conferred with Ontario authorities regarding shipment of Alberta coal eastward.

Highway for Oil Fields
To a conference of oil men held in Calgary last week, Hon. Alex. Ross, Minister of Public Works, announced that the government would establish the road into the Turner Valley oil fields as a permanent highway, and would commence improvement of the road at once. A considerable number of oil companies, recognizing their responsibility in the matter of creating un-

usual traffic over the road, have agreed to contribute a considerable sum to supplement what the government will spend. Week sections of the road will be put into shape at once, and later in the year further improvement will be made, towards the end of making the road a permanent highway. The municipalities concerned, which kept the road up until a year or two ago, will not be asked to contribute. The government will be responsible for the maintenance of the road. Present at the conference for the government were Hon. Mr. Ross, Hon. Mr. Hoadley, Acting Premier, and C. A. Davidson, Highways Commissioner. Crews are now working on the road.

Advisory Committee on Taxes
The appointment of an Advisory Committee to work with the Provincial Treasurer for the purpose of making a complete survey of the entire field of taxation, provincial, urban and rural, was announced by the Provincial Treasurer, R. G. Reid, on behalf of Premier Brownlee. Following is the personnel of the committee: Chairman, Dr. H. M. Torg; A. A. Carpenter, A. T. Stephenson, E. Pinchbeck, A. H. Tovell.

Province Will Handle Text Books
Arrangements are now being completed for the handling of all public and high school text books for the schools of the province, by the Alberta Department of Education. The department will purchase all text books and will sell them to school boards, dealers and others at a list price, which will be at cost to the government. The price for all text books will be uniform to everybody in the province, but school boards, dealers and others ordering large quantities will be allowed a 15 per cent. reduction. The province will pay freight on all shipments, but those asking for shipments by express must assume the difference between the freight and express charges. Postage charges will be paid on all orders sent by post. It is estimated that the new system will save the people of the province at least 15 per cent. on the former cost of school text books.

Farm Young People's Week
Farm young people's week at the University will be held during the week of June 2nd it is announced.

Extend Irrigation
Bonds to the extent of \$170,000 for the extension of the irrigation system in the neighborhood of Raymond, Welling and Stirling, south of Lethbridge, have been voted by the farmers concerned. The extension will carry water to 20,000 acres more in the three sections now comprising the irrigation district.

Convention on Weed Control
A convention of those interested in the control of weeds will be held at the School of Agriculture, Olds, on May 19 and 20. Provincial Gov-

ernment field supervisors will be present, with officials of the Department of Agriculture, and municipal councillors and municipal weed inspectors are also invited to be present.

Mr. A. T. Stephenson has been, for many years, City Commissioner for Red Deer, and is probably as well acquainted with the problems of financial administration facing our cities and towns, as any man in the Province.

Mr. E. Pinchbeck, as a former director, and for the last three years Secretary of the Municipal Districts Association of the Province, has been constantly in contact with problems facing the more strictly rural population.

Mr. A. H. Tovell is also closely in touch with public affairs, having been engaged for a long period in municipal work. Since the inception of Municipal Hall Insurance, Mr. Tovell has directed his efforts to the success of that activity, and at the present time is Chairman of the Municipal Hall Insurance Board.

The committee will be asked to enquire into all matters affecting revenue and taxation and having regard to the probable future requirements of the province, give consideration to and make recommendations with respect to:

1. The equalization of the burden of taxation,
2. Improved methods of collecting revenue.

Such a survey is made more necessary by the probable transfer to the province of its natural resources, which will do away with the present subsidy in lieu of lands and bring to the province other sources of revenue which should be fitted into the present sources of revenue with a little duplication of effort as possible.

An example of the effect of the transfer of the natural resources is found in the revenue from coal. At present the Dominion collects a royalty while the Province collects a tax. The consolidation of collection will obviously be necessary while the whole basis of revenue from the coal industry will require careful consideration.

Furthermore the municipalities, both urban and rural, have been asking relief from certain taxes such as Mother's Allowances and relief of indigents and have been seeking wider sources of revenue which conflict with provincial sources and it is desirable that this question be examined.

The scope of this enquiry is extremely broad, and the Government feels that it has been successful in obtaining the services of men familiar with all phases of provincial activity and well equipped in every way to deal with the problems confronting them. The fact that several members are engaged in Municipal Administration, urban, rural, will necessarily mean that the committee will be well advised in regard to the Municipal aspects of the investigation.

The Chairman of the Committee, Dr. Torg, President of the University of Alberta, and President of the Research Council of Canada, who has demonstrated his versatile capacity on so many occasions, and who has been recently employed by the Government of Canada in an investigation of Rural Credits, needs no introduction to the people of Alberta. It is gratifying to the Government that his services are available for this important work.

Mr. A. A. Carpenter has been, for many years, Chairman of the Public Utilities Board of the Province. In this capacity he has had to deal with the problems facing municipal-

ities, and has had a wide and varied experience in connection with such problems.

Women's Immigration Committee
The advisory committee on women's immigration appointed by the Provincial Government, met recently in the office of Miss Jessie Macmillan, Provincial Director of Women's Home Bureau Service, and heard reports of what had been accomplished. Working in conjunction with the committee are 205 convicts throughout the province who with the assistance of others have done good work in meeting incoming settlers, helping them to get settled in their new homes, and giving assistance in times of sickness. In many cases gardens have been planted, setting hens supplied, hampers prepared, grocery showers held, warm clothing provided, and families billeted for a night or longer where necessary. The committee presented two resolutions to the central and northern Alberta land settlement association, the first opposing settlement in large blocks of non-English speaking settlers, and the second demanding more rigid medical inspection of intending settlers before breaking up their old homes and moving to Canada. Both resolutions were discussed and tabled at the settlement convention, held recently.

Another Oil Well at Wainwright
Another oil well has been brought in, in the Wainwright field east of Edmonton. The Edmonton-Wainwright Co. well was brought in last Sunday, and is expected to have a capacity of more than 150 barrels per day. The well is a very promising one, producing crude oil of a low grade.

So! Perhaps the walls of Jericho fell because the army marching around the city did something similar to the Charleston.

Mussolini says his country's future is on the sea. Let's see; didn't some other chesty fellow say that a few years ago?

FIRE THREATENS OUR NATIONAL HERITAGE

Carelessness Destroys
3,000,000 acres annu-
ally of Canadian
Forest

LOSS OF STANDING TIMBER BY FIRE CONTINUES TO BE APPALLING. ON THE AVERAGE, OVER 3,500 MILLION BOARD FEET ARE DESTROYED ANNUALLY. THE FORESTS OF CANADA ARE BEING DEPLETED AT A RATE THEY CANNOT POSSIBLY WITHSTAND; MORE THAN HALF OF THIS DEPLETION IS DUE TO FIRE, INSECTS AND DECAY. THE FUTURE OF THE FOREST INDUSTRY IS JUST AS DEPENDENT ON THE SEEDLING TREES AND YOUNG GROWTH AS THE PULP AND PAPER AND LUMBER MILLS, AND INDUSTRY GENERALLY, ARE DEPENDENT ON MATURE TIMBER—BOTH MUST BE SAVED FROM THE RAVAGES OF FIRE.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are vitally dependent on the woods for winter employment. Care with fire in land-clearing operations is all-essential—burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are inimical to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource—utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?

CHARLES STEWART

FINEST JOB PRINTING — THE MACLEOD TIMES DOES IT

This is a STUDEBAKER Year

A SYMBOL THAT MEANS SOMETHING

"Body by Studebaker"—here is a phrase that is rich in meaning to the man who is about to buy a motor car. It means a saving of hundreds of dollars on a car, for Studebaker builds all its own bodies in its own \$10,000,000 body plants—and saves middleman's profits. And it means a car of distinctly original design—a car of unusual beauty with finish and appointments of a quality that is unsurpassed.

"Body by Studebaker" is a symbol of quality—a mark of fine craftsmanship that is worth looking for.

THE WHITE HALL

LOCAL AND PERSONAL NEWS

R. Perry was a Calgary business visitor over the week-end.

Mr. and Mrs. D. J. Grier motored to Lethbridge on Saturday last.

Mrs. R. Kendall and children, of Lethbridge, are the guests of her parents, Mr. and Mrs. Charles Clarke.

G. Wood, who has been seriously ill with pneumonia for the past three weeks, is now well on the way to recovery.

Mr. and Mrs. J. B. Wilson and children, of Blairmore, were the guests of Mrs. C. D. T. Beecher over the week-end.

D. J. Cumming has just completed a new fence in front of his residence which greatly enhances the appearance of the property.

One of the oldest Elks in Macleod is Mr. Marlow who joined up with the original Elks in England over fifty two years ago in Lancashire.

At the home of Miss Gladys McNab on Wednesday evening, May 5th, 1926, the Priscilla Club held a social event consisting of Military Whist and dancing. A dainty lunch was served and enjoyed by all. The prize winners of the evening were Miss R. Gillespie and Miss A. McCrea, A. Little and F. Sanderson.

On Wednesday afternoon the Macleod Golf Club held the first of its series of teas accompanied by two ball foursome matches in which practically every member of the Club joined. The event was successful from every point of view and augurs well for the success of this game in Macleod this season.

Frank Walleite, of Lomond, charged with horse stealing, at his preliminary hearing at Lomond last Saturday, was committed for trial on the charge. The matter is of some local interest inasmuch as Walleite is question of a team of the horses in possession to William Miller of Macleod in January of last year, receiving a cheque for \$180.00 in payment for same, and by which transaction Mr. Miller, though a perfectly innocent party may be a loser to the extent of the purchase price of the stock should the charge of theft against Walleite be substantiated.

Thomas Frank, one of the Old Timers of the Macleod district, died Wednesday night, May 5th, 1926, at the age of 81 years. Mr. Frank, was born near London, Ontario, where he was interested in farming, but more especially in horses, and was always the proud owner of racing stock. He came to this district 26 years ago, and took up a homestead, being a familiar figure since his arrival. During the winter of 1919 and 1920 he moved his stock north for feed, and again took up land, remaining until the fall of 1923, when he returned, and has made his home with George and Mrs. Cahoon, where he died. He was of a pleasant nature and always willing to assist anyone who needed his help. The body was sent East to Wood-

Spring Millinery

MISS A. M. WILSON

H. C. Winter, Secretary of Macleod and District Board of Trade.

J. C. Hendry, barrister, of Lethbridge, was in Macleod this week on legal business.

Messrs. W. Lingsings and F. Frey were visitors to Lethbridge on Sunday of this week.

T. G. Bratton, well known rancher of Spring Point, was a visitor to Macleod this week.

Mrs. J. Ridley was in Kamloops this week attending the funeral of her brother-in-law, who died the latter part of last week.

Bill Satterwhite motored to Claresholm on Wednesday of this week and renewed acquaintances with many old friends there.

Ben Macdonald, an oldtimer of the Macleod district, who for many years was engaged on the Hatfield Ranch was in Macleod this week renewing acquaintances.

Kenny McGregor, who has been seriously ill at Galt Hospital, Lethbridge, for the past three months, is recovered and arrived home at Macleod the latter part of last week.

Mr. and Mrs. G. Mensaghi announce the engagement of their eldest daughter, Mary to Mr. B. Knice of Calgary. The marriage to take place early in June.

F. A. Adams is at Galt Hospital, Lethbridge, where he is receiving treatment from an eye specialist. Mr. Adams recent attack of flu having seriously affected his left eye.

Macleod water users will please remember that the regular hours for use of water on lawns and gardens are 6 to 10 a.m. and 6 to 10 p.m. This is according to town by-law.

A representative crowd of members of Macleod Elk Lodge No. 129 motored to Granum today (Thursday) to pay a fraternal visit to the L.P.O.E. Lodge in the neighboring town.

Aubrey Bright arrived home from the University of Alberta, Edmonton, on Monday night of this week. He will spend the vacation period with his parents, Mr. and Mrs. Harry W. Bright.

What might have been a serious runaway happened Tuesday morning on 2nd avenue when a heavy team attached to a wagon careered wildly down the road when their driver was absent for a few minutes.

The wheel of the wagon broke off and was thrown through the big plate glass window of the Great West Saddlery store. The horses and the remnants of the wagon were finally brought to a standstill about half a mile down the river, and outside of a few bruises and small cuts the animals were practically uninjured. The team and wagon were the property of Jess Tolley, farmer, of Pearce.

An interesting and instructive item of litigation was decided by His Honour Judge MacDonald at Macleod Tuesday. The two cases were Joe Michalsky vs. Joe Loyd and Stephen Janstak vs. Joe Loyd, all of Coleman. The action was one of garnishee of money held by the Northern Assurance Co. as an indemnity for the loss of the man Loyd's house by fire, and involved some \$2300.00. The points raised were that the plaintiffs could not attach money payable outside of the jurisdiction of the court; and that since the house was exempt from execution the insurance money was also exempt. These points were strenuously opposed by counsel for the plaintiffs, Gillis & Macdonald for the plaintiff Janstak, and R. F. Barnes for Michalsky, while the motion was supported by Joseph Hicks on behalf of the defendant Joe Loyd. Several other attachments were by agreement to be governed by the result of the order. His Honour upheld the motion and set

GENERAL MERCHANDISE, GROCERIES, PROVISIONS,
FLOUR, FRUITS AND VEGETABLES

MOTHER'S DAY

Say it with flowers. The second day in May. This advertisement will give you lots of time to save your money to make a present of a flower to your mother.

THE GROCERY DEPARTMENT

Are making preparations for fresh and cut flowers. Look over your garden and plan your design of the plants you intend to put out. You will want some plants for salads and vegetables such as cabbage, celery and cucumber. But whatever you do, don't forget flowers, house plants and window boxes.

DRY GOODS

We will have a Cretone week—of nice colors rivaling nature in its floral display. The housekeeper cannot do without cretonnes. It is only a little time ago since girls and grown ups had sport skirts of the same material. No color was too loud, no flower too large. Buy some more, girls. You don't know how sweet and enticing you looked.

SCRIMS

Plain and flowered, curtain lace, chintz and fancy voiles. We have lots of ends of curtain materials that must be sold out. If you don't help us to get rid of last year's goods, how can you expect us to keep up with the style.

A select lot of ladies' dresses and summer coats.
